The CAT name will be new to you. We used to be called the Catfield Environmental Group but felt that, since its creation, the aims and interests of the group have changed and this name did not really reflect what the group wanted to achieve, so we are now known as the Catfield Action Team

The original group had its first meeting on Saturday 19th March 2022 with a plan to try and improve the look of the village, initially starting with some hedge and bulb planting. This spring you will have seen the beautiful display of daffodils planted at various locations around the village.

Maintaining and improving the village environment and working with the local community to make Catfield prettier & tidier

In the last couple of years the group has undertaken a number of activities including:-

- Hedge planting on the playing field
- Further bulb planting around the village
- Enhancing an area in the centre of the village with a bench, planters and seasonal flowers
- Litter picking, and making the village environment tidier and encouraging others to do the same
- Walks around the local footpaths
- Helping to maintain the school garden and pond

Creating community events

We have also organised a number of events that help raise money for the group and bring the local community together too. Previous events include:-

- Spring and Autumn Plant Sales
- A summer fete with a host of different stalls and activities
- A Christmas fair
- An evening Christmas event with a meal, quiz and live music
- Bingo evenings
- Walks

We put the money we raise towards projects in the village, e.g. bulbs and other planting around the village and have made a contribution towards a new village noticeboard. Future plans include more bulb planting and the organisation of community activities such as walks, talks, bingo, quiz evenings etc. and working with other village groups to improve the village and the community in any way we can.

How can you help!
